BOUX-BOUX.

A maiden who lived up in Stouze
On a stouze kind of gum tried to chloize;
And of lockjaw she died,
And the coroner cried,
When he brought in his verdict,
"A sad suicide!"
For that gum was a big bunk of glouze.

WEIMER—GUNN.

One of the prettiest fall weddings that has taken place in this city for a long time was that which occurred at the First Presbyterian Church last afternoon, when the lives of Mr. William Johnston Weimer and Miss Emma D. Gunn were united.

The decorations of the Church were composed of fall foliage, and most artistic was the effect. A large audience was present, for the friends of the lovely bride are legion.

Mr. John Barbour presided at the organ, and the attendants were the ushers, Messrs. Leon Squires, Harry Clark, Arthur Beasley and James Heflin.

Miss Gunn is the daughter of Mrs. Minnie Gunn of East Second street. She is a young lady endowed with many personal charms, of a very lovable disposition, and a popular girl in her circle of friends. Her bridal dress was of gray nun's veiling, with large white hat, and she carried a handsome bouquet.

Mr. Weimer is a traveling representative of the National Cash Register Company of Dayton, O., and is a young man of sterling worth. After a wedding trip he will take his bride to Lexington for a future residence.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip: that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by J. Jas. Wood & Son.

This week we have again strengthened our sales force—next week we will think of some other improvement, advancing daily to the perfection of your comfort and convenience. MEMORIAL SERVICES.

Fitting Exercises to Be Held at Washington Cemetery.

Memorial Services will be held at 2:30 next Sunday afternoon at the Catholic Cemetery at Washington, with sermon by a Passionist Father from Mt. Adams, Cincinnati.

This Cemetery, which had so long been neglected, has been thoroughly cleaned up and beautified under the direction of Father Jones of St. Patrick's Church, and it is now, as it should ever be, a fitting testimonial from the living to those loved ones who are sleeping there.

Next Sunday's exercises will be of deep interest, and every member of the Congregation, as well as of the general public, is invited to attend.

Do Good, It Pays.

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it, for it has helped me out many a time." Sold by J. Jas. Wood & Son.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Popular Vestings.

It is an established fact that white cotton waists will defy the chills of winter. Materials are heavy enough for cold weather comfort and attractive enough to win approval from critical women. Plain white or figured vestings, cheviots, Marseilles and Madras are all popular. Styles vary almost endlessly, prices too give broad freedom in choice. A yard 15c to \$2.

Winter Gaities

Will soon demand the use of White Gloves. Have you tried the Washable kind—they are such an improvement upon the old sorts. They have the same appearance but do not soil as easily and when our soft coal smoke does begrime them—a little soap and water— presto! a new pair of gloves. The \$1 1/2 quality is what we carry—the cheaper grades we consider unsatisfactory, the costlier grades very little better, not worth the price difference.

Millinery Modestly Priced As to styles, shapes, colors, materials and trimmings there is a wealth of variety. But all the hats possess one interesting characteristic in common—low price. A Woman's Credentials!

To society are signed by her shoes. No fashionable-ness of costume will cover a neglect of footwear. But with the hands and feet properly encased, she cannot go far wrong. How disappointing, after approving the details of a lady's dress, to spy a pair of rusty, dirty, unstylish shoes. It takes away all the charm. The one thing that such a woman needs is the "style of a Dorothy Dodd" shoe. With this passport you escape all criticism.

GOLD now constitutes nearly one-half of our stock of money, despite the silly claim of Mr. BRYAN that the defeat of his free silver fall would drive gold out of circulation.

WITH more than four hundred deaths from lockjaw following the last Fourth of July, is it any wonder there is a crusade against the toy pistol? It is a sad commentary on ordinary intelligence, when laws have to be passed to protect children from foolish parents.

CAPTAIN W. J. STONE of Kuttawa, Lyon county, who has been a lifelong Democrat, has announced his intention of voting the Republican ticket this fall, and thinks that it has an excellent chance to win. Captain Stone was a candidate for the Democratic nomination for Governor in 1899 and was one of the victims of the infamous Music Hall Convention.

FORMER GOVERNOR W. O. BRADLEY has notified the Republican Campaign Committee that he will speak at the last big rally of the campaign at the Auditorium in Louisville tonight. Governor BRADLEY is still very weak from his recent illness, and his friends have advised him against speaking at all, but he says that he feels that he owes it to his party to speak if he possibly can. He will also make a speech at Lexington on Saturday evening, October 31st, if he finds that he is strong enough.

THE Owingsville Outlook, one of the oldest and staunchest Democratic papers in Eastern Kentucky, has declined to support Governor BECKHAM. The loss of The Outlook's support for the Democrats means, it is claimed, a great gain for "Belknap and Business" in the Ninth Congressional District.

THE Spanish-American War accomplished far more than the destruction of the Spanish Navy. Just now the Government of Spain is overwhelmed with petitions demanding separation of State and Church. There are also many petitions advocating the expulsion of the religious orders, confiscation of their property and establishment of nonsectarian schools after the American pattern.

PRESIDENT DORSEY of the State Fair Association has on foot a plan for a permanent institution, for which the Legislature will be asked to appropriate \$150,000. And why not? What do the people pay taxes for, unless it's for the purpose of furnishing the Legislature with money to vote away for something? Didn't it give \$15,000 of the people's money to be wasted on the last State Fair? And what of the \$89,000 paid to Captain CALHOUN for a bit of ordinary clerical work, and of the toncamed \$100,000 blood-money fund? Certainly; let the taxpayers put up \$150,000 for another agricultural horse-trot.

EMPLOYERS of labor representing organized manufacturers and captains of industry from British Columbia to Massachusetts and from Winnipeg to the Gulf will gather in Chicago this week to form an International Federation of Employers that will astonish unorganized capital of the United States with the revelation of the astounding spread of organization among employers during the last year. Associations of manufacturers and employers from Victoria and Vancouver, in British Columbia, from points in Ontario and Quebec, from the farthestmost points of the United States and representing all the principal cities and towns of the country will attend the conference, which is destined to mark an epoch in the industrial history of the United States.

The steamer Big Kanawha arrived from Madison, and will run in place of the Levi J. Workum, now repairing in Fulton.

It is estimated that it will take at least ten days to build bulkheads around the Florence Marmet, which was sunk at Cincinnati a few nights ago.

The net earnings of the coal combine for the first nine months in 1903 were \$5,153,788.48, an excess of \$2,868,320.77 for the same period of last year.

The Douglas Hall came down from Ft. Pleasant as far as Manchester, where she took charge of the tow of empties which were left there by the Florence Marmet.

Abraham Lincoln's genius as an inventor will be exploited at the World's Fair. His famous device for lifting steamboats off the shoals will be shown in the transportation department.

The Bay Bros., in the Ironton Circuit Court, won against the Pomeroy and Big Sandy Packet Company. The contention was for a claim amounting to \$3,829, but it is likely the case will go to the Supreme Court.

The Government Snagboat E. A. Woodruff passed down yesterday morning. She will clear the Cincinnati harbor of all snags and obstructions to navigation, preparing for the coming fall and winter rises and traffic.

In 1854 the Telegraph No. 2 was the last boat to ever go down through Vevay chute, and it was on this trip that she ran from the foot of Broadway street in Cincinnati to the foot of Third avenue in Louisville in six hours—150 miles.

When the Avalon arrives in Cincinnati on the present trip from Memphis she will be hauled out on the Ways for repairs and put in shape for the coming winter's business. The Avalon will take the place on the Ways of the Sunshine, which is now being repaired.

It has been practically decided by the Diamond Jo Line to hire all white men hereafter to do the work that the black men have been doing. The officers of the company are of the opinion that they will not only be able to secure better service, but that they will get the men for less wages.

Commodore F. A. Laidly, President of the Cincinnati, Pomeroy and Big Sandy Packet Company, has bought the packet Helen M. Gould, which has been running in the up-river trade. She will be put in the Madison, Carrollton and Louisville trade, in place of the Big Kanawha. The latter boat has been running in that trade for several years, and will be sent to Gallipoli. The crews on the boats will be exchanged and the Helen M. Gould will pass into the hands of Captain Sterling McIntyre and assistants.

The Monongahela River Consolidated Coal and Coke Company of Pittsburgh began Monday taking an inventory of its floating property. The work of registering the craft in Cincinnati harbors will only require a day or so, but floating property now at Louisville and the Pumpkin Patch will require more than a week for completion. Harry and Mark Sobelt are in charge of the work there. They say the Company has more than 200 coalboats and 100 barges at the Patch awaiting water to be moved. Outside of Pittsburgh the combine transacts more business at its Louisville port than at any other on the Ohio river. The affairs of the Company there and on Southern waters for the past year have been under the supervision of Captain Max Sobelt, formerly with the combine at Pittsburgh.

BECKHAM BACKS DOWN

In Denying the Charge Made by F. C. Speight.

HE EVADES A SPECIFIC ANSWER

Falls to State that He Knew Nothing of the Bargain For Pardon of Samuel D. Clark—Norman Letter Not Read—Hearers Disappointed.

(Special to The Herald.)
Mayfield, Ky., Oct. 19.—With a brief statement which was all evasion rather than a denial, Governor Beckham in a speech at the Graves county courthouse today passed over the charge made by J. C. Speight that the parole of Sam S. Clark, the slayer of S. R. Carney of Mayfield, was bought by the contribution of \$800 to the Democratic campaign fund and under an arrangement entered into between friends of the convict and persons who sat that they were authorized to speak for Governor Beckham.

The Carney murder created the most intense feeling in Graves and adjoining counties and the parole of Clark caused a wave of indignation to sweep over the county even before it became a matter of common report that the parole had been bargained for by a "grapevine" method like the assassination contracts for which Breathitt county has been notorious, and the indignation has not died out.

When Governor Beckham arrived today there was much speculation as to whether he would discuss the Clark parole. Some Democrats were positive that he would not dare to touch upon it. Others maintained that he would not dare to pass it by in the county where the crime was committed and the convict turned loose. There were men who believed that he would evade the question with a half denial and all waited expectantly to hear what he could say.

After discussing his pardon record and comparing it with that of preceding executives, Governor Beckham made the following statement, which was reported stenographically for The Herald:

NO EXCESSIVE PARDONING?

"These records show that I have not used the pardoning power excessively, and I have been most careful in granting pardons since I came into office. I know certain statements have been circulated by Republicans, one of them from your own county. I know a citizen from this county, one Speight, the unspeakable Speight, the man who has changed his residence about as often as he has changed his politics, a man who came from the Lord knows where, and since he came to this state has belonged to three different parties. He has betrayed two of them, and right now, I believe, is waiting to betray the Republican party.

"This man has said that I promised for political reasons, to pardon Clark, sent from this county. It is an infamous falsehood, and I am glad to come right to this county and brand it as a falsehood. I have never yet issued a pardon for political purposes, or where I did not believe it just and right to do so. I shall pursue the same policy in the future that I have in the past. I shall not grant any man a pardon unless he is justly entitled to it."

NO DIRECT DENIAL.

The statement was guarded, and was not a denial since it had not been charged that Governor Beckham personally had made a direct proposition to Clark's friends, and those who believed that the governor would take a bold stand, and deny that he ever knew of any such bargain or had any part in it, directly or indirectly, waited to hear more, but it was not forthcoming and the speaker took up other matters.

Mayfield people point significantly to an equally guarded statement of Samuel A. Norman, which Governor Beckham incorporated into a speech at Princeton Saturday, Oct. 18. No one had charged that Norman would make an affidavit as to the parole bargain, yet at Princeton Governor Beckham read the following letter:

"Mayfield, Ky., Sept. 24.—Hon. J. C. W. Beckham, Frankfort, Ky.—Dear Sir: I am informed that in a speech at Princeton, Sept. 21, J. C. Speight made the statement that you promised to pardon Sam Clark for \$800 as a contribution to the campaign fund, and that he made the assertion that he could prove it by me. In answer to which I state that he cannot prove the charge by me. I further state that you did not make the consideration or any other consideration. Very respectfully,
S. A. NORMAN."

Governor Beckham did not read the Norman letter today, nor did he make the sweeping denial he was reported by machine organs to have made Saturday, and it is not believed here that he will ever make a complete denial.

The coldness with which Governor Beckham's entire speech was received today amounted to almost a demonstration of disapproval. Perhaps 3,000

people were in or near the court house yard, and most of them listened to the speech, but applause was infrequent and few joined in. The coldness of the audience was marked when Governor Beckham discussed the Goebel cases. It seemed as if his auditors were moved to serious thoughts rather than to political enthusiasm by consideration of the gallow platform.

Many Democrats here are openly against Beckham, and it is predicted that the first congressional district will poll the lightest Democratic vote in its history.

CAPTAIN SPEIGHT'S STATEMENT.

He Makes a Specific Charge and Holds the Proof of It.

J. C. Speight, Republican nominee for secretary of state, and a prominent citizen of Mayfield, sent to The Herald yesterday the following statement: "Governor Beckham at Princeton denied or attempted to deny that he agreed to pardon Samuel D. Clark upon consideration of the payment of money into the Democratic campaign fund, and produced a letter from Samuel A. Norman denying statement that I have never made.

"I have never stated that I could prove any act connected with the Clark pardon by S. A. Norman. He is Clark's close personal friend and I have not been disposed to have him reveal for any purpose any efforts or methods he may have employed to secure the release of his friend.

"But since the Governor and his friends have seen fit to force Mr. Norman into this matter, I do state as a fact that he (Norman) paid \$100 into the Democratic campaign fund of 1900, with the expectation and understanding from parties claiming to represent the governor that he would pardon Clark.

"I further state as a fact that when the governor was a candidate in the primary for the nomination for governor he, while in Mayfield this year, had a conversation with Mr. Norman and claimed his support for the reason that he (the governor) had secured the release of Clark. And I call on the governor to deny that he had at the time and place mentioned substantially the conversation as above detailed. I furthermore call on Mr. Norman to deny, if it is not true, the statement that he paid \$100 into the Democratic campaign fund upon the conditions as above stated."

It is well known that Mr. Speight has proof of his charges in his possession, and was ready to produce it if Governor Beckham denied the charge at Mayfield. It is recognized that he made Governor Beckham quit.

The Redemption of Breathitt.

(From the Cynthiana Log Cabin.)

The Republicans and Independent Democrats of Breathitt county have nominated three former Democrats on a law and order ticket for county offices, and their names will appear under the log cabin device. The nominee for circuit clerk is A. L. Hagins, the present clerk, who was outrageously robbed in the recent Democratic primary. The candidate for sheriff is Charles Terry, who made the race on the fusion ticket against Ed Callahan two years ago. At that time the Republican election commissioner was removed by the state board, and an ex-Republican was appointed in his stead. The county board then met four days before the election and changed its election officers that had previously been appointed. Outrageous frauds were committed, and the election was contested. Special Judge Cooper decided that there was so much fraud that no legal election had been held. Terry was then sheriff, and J. B. Marcum, his attorney, claimed the incumbent had the right to hold the office until his successor should be elected. Judge Harris claimed the right to appoint Ed Callahan, and the court of appeals this year finally decided that the appointment was legal. The candidate for jailer on the Republican law and order ticket is Sylvester Howard, a farmer, who has never before been a candidate for office. The prediction is freely made that unless outrageous frauds are committed the Breathitt county gang will be overwhelmingly defeated and the county in a measure redeemed. Unfortunately the term of office of the remainder of the county officials does not expire this year, but with a sheriff and a jailer who will do their duty Breathitt county may hope to finally win the battle for law and order and political freedom.

No Longer a Democracy.

(From the Maysville Ledger.)

"Savoyard," a Democrat of the old school, says it is no longer a republic if the majority does not rule. Kentucky is not a republic today. It is an oligarchy. The Goebel election law eliminated the representative feature from the government of Kentucky, and even as it is amended it eliminates the element of home rule. Three men, off yonder at Frankfort, who know not a soul in Metcalfe county, appoint certain commissioners, utter stranger to them, to hold elections for Metcalfe county. Our fathers would not have stood for such a foreign

government as that one five minutes. The Goebel election law would have made a political bankrupt of both Henry Clay and John C. Breckinridge had it been morally or politically possible for either of those real statesmen to conceive it. For more than one hundred years the people of Kentucky have held their own elections, and Kentucky was a land of liberty all that time. The Goebel election law took from them the right to hold their own elections, and Kentucky has been an oligarchy ever since.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overrated. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup; so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25¢; regular size, 75¢. At Henry W. Ray's, next door to Postoffice.

PETER PAUL HAD PAINS IN HIS BACK,
NOW A WELL MAN.

August 5th, 1903, Peter Paul of 722 Roberts street, Newport, Ky., wrote: "My business keeps me on my feet all the time. I have for years been troubled with pains in my back and kidneys. Several doctors said I would have to give up my position if I ever expected to get well, saying I had kidney trouble, and the only thing that would relieve me was rest. Having heard of Kidney-Wort Tablets as being wonderfully good for kidney diseases I concluded to give them a trial, although I will admit I was skeptical. Before the first bottle was used I felt much better, and now am a well man."

If your back aches, your appetite grows feeble, your urine becomes dark and cloudy, smells bad, has a heavy sediment, your feet swell or your morning urine shows sediment or "brick-dust" deposit, Kidney-Wort Tablets will put you out of danger inside of 10 days.

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slip pery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible."

Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave today," writes Mr. Moses Miles, of Hilliard, Ohio, Co., Ohio. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I did. I have taken four bottles and am now a well man, weighing 135 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

"A newspaper whose columns overflow with the advertisements of business men has more influence in affecting attention to and building up a city or town than any other agency that can be employed. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

THE CONSTITUTIONAL AMENDMENT.

It Will Not Change the Law As to the Limit of Debt or Tax, But Is Intended to Regulate the Mode of Taxation.

Mr. Editor: The Amendment to the Constitution to be voted on in November does not change the present law as to the limit of debt or tax that can be incurred by cities and towns. It simply gives the Legislature the power to pass a general law by which cities may regulate the mode of taxation. At present the Assessors of cities are confined to the ad valorem system, that is, they ask the citizen as to the value of his personal estate, and the assessment is made at that value. If the Amendment carries, the cities, if they so desire, can tax personal property, based on its income, can tax trades, occupations and professions by license tax and can have a tax on franchises. There can be no double taxation, but the taxing powers can vary the mode and manner of taxation, adjusting the taxes so as to be equal and just and at the same time prevent transient business enterprises from dropping into our cities between the taxing season, picking up the cream of the business from our permanent merchants and taxpayers and then departing without contributing anything to the general welfare.

It will also enable our cities to encourage capital and manufacturing to locate within their limits by exempting them from city taxation, provided they will expend certain sums and give employment to a certain number of men.

No state in the Union has such a system of taxation as Kentucky save Ohio, after which our system was patterned, but Ohio votes on an amendment to repeal that system in November next, having seen the ill effects of same.

"At first blush" it seems unfair to tax the house and lot of the workingman and exempt the big plant of the manufacturer, but in many of our cities how will the workingman ever obtain a house and lot unless he has constant work in a manufactory?

How are Kentucky cities to get these factories unless we exempt them from city taxes, as Massachusetts, New York and Pennsylvania cities do?

How much better off would Maysville be if we could induce manufacturers to locate here and give employment to our sons and daughters, and give a market for all the produce that Mason county farmers can raise? How many families in Maysville and Mason county have grown children around them? Why do they have to send them East or West for employment? Simply because we have no manufacturing and can offer no inducements for their location in our city.

Vote for the Amendment and give our cities a chance to compete with cities of other states. GARRETT S. WALL, Committeeman Ninth District.
